

HOW TO REPLACE A VERTICAL BLIND HANGER

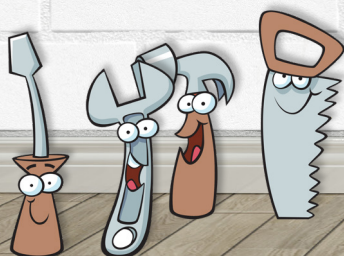

For this maintenance project, you will need:

✓ Vertical blind hanger to suit the width of your blind. These may also be called 'Vertical Blind headers' and are available in packs of 10 or 12 from leading hardware and haberdashery stores.

1. Remove the damaged hange by pushing down and sliding out.
2. Insert a new hanger, allowing the loop to slide out of the opening.
3. Reinstall.
4. Repeat with other blinds if needed.

If needed, cut the hanger to suit the width!

HOME IN PLACE TENANTS PLEASE REFER TO YOUR RESIDENTIAL TENANCY AGREEMENT TO SEE IF THIS TYPE OF MAINTENANCE IS YOUR RESPONSIBILITY.
